Oroville, CA 95966

Subject: Butte County Association of Governments – Projects Under Development:

- 2007/08 Unmet Transit Needs Process
- 2008 Butte County Regional Transportation Plan Development
- Public Participation Plan Development

Honorable Chairperson:

The Butte County Association of Governments (BCAG) is the federally designated Metropolitan Planning Organization (MPO) and the state designated Regional Transportation Planning Agency (RTPA) serving Butte County. BCAG is responsible for developing all state and federal transportation plans and programming documents that are necessary to program transportation funds within the region.

BCAG was formed through a joint powers agreement between the County of Butte and the incorporated Cities of Biggs, Gridley, Oroville, Chico and the Town of Paradise. BCAG is governed by a ten member Board of Directors comprised of the five county Board of Supervisors and one council person from each of the five incorporated cities. I currently serve as the Supervisor for District 2 and as Chair representing BCAG.

BCAG is committed to developing Government-to-Government relationships with the Tribal Governments within the Butte County region. As a reminder, BCAG has extended an invitation to your Tribe to attend our Transportation Advisory Committee (TAC), which typically meets on a monthly basis. The purpose of the TAC is to review and discuss BCAG's transportation planning activities and issues in a multi-jurisdictional planning forum. Representatives from Caltrans, the cities, town and county participate on the TAC.

BCAG staff has scheduled upcoming workshops throughout Butte County for:

1. 2007/08 Annual Unmet Transit Needs – The purpose of this process is to ensure all unmet transit needs are met before transit funds can be used for other purposes.

2. 2008 Regional Transportation Plan (RTP) – BCAG is currently developing the long-range RTP for Butte County. This is a federally required long-range transportation-planning document that is updated every four years. The purpose of this document is to identify Butte County's long-term transportation needs for all travel modes. The RTP will cover the period between 2008 and 2035.
3. Public Participation Plan (PPP). The purpose of this plan is to comply with the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU). The goal of this plan is to achieve greater public input and to make interested members of the public aware of all opportunities for input in the metropolitan transportation planning process.

We have attached for your record a public notice that has been placed in the local newspaper informing the public of the upcoming workshops. We welcome any input you may have. If you prefer, I can arrange for BCAG staff to provide your Tribe with a workshop.

All material will be posted on the Internet at BCAG's website at www.bcag.org as it is developed.

If you have any questions please give me a call or you can contact Mr. Jon Clark, Executive Director of BCAG at 879-2468. If you prefer, we can schedule a meeting at your office and at your convenience to discuss these projects. We look forward to working with you.

Sincerely,

Jane Dolan, Chair
Butte County Association of Governments

September 27, 2007

The Honorable Jim Edwards, Chairperson
Berry Creek Rancheria
5 Tyme Way
Oroville, CA 95966

Dear Chairperson Edwards:

The Butte County Association of Governments (BCAG) is requesting your assistance in the development and improvement of the public participation process we use to engage members of the community on transportation related issues in Butte County.

The BCAG Board adopted Public Involvement Procedures in 2003 that outline the procedures that BCAG uses to solicit involvement of the public, government agencies and other stakeholders in the development of transportation plans and programs by BCAG including the long range Regional Transportation Plan and the Transportation Improvement Program for Butte County. The plan covers a range of topics involving public participation in proposed actions by BCAG including notification procedures, public meetings, comment periods and amendments.

On August 10, 2005, the President signed into law the highway bill, Safe, Accountable, Flexible, Efficient, Transportation Equity Act – A Legacy for Users (SAFETEA-LU). In addition to providing federal funding authorization for a wide variety of transportation programs, SAFETEA-LU introduced additional consultation requirements for the public participation plans developed by Metropolitan Planning Organizations, like BCAG.

In response to these new requirements, BCAG is initiating the development of our Public Participation Plan to reflect the enhanced outreach efforts required under SAFETEA-LU. We are also committed to enhancing the development of our **Public Participation Plan** by providing this opportunity for you to comment on the process and methods we use for public outreach. Copies of BCAG's existing Public Involvement Program may be found on our website at:

http://www.bcag.org/planning/documents/2007_FTIP/Public_Involvement_Procedures.pdf
or requested by calling (530) 879-2468.

If you are interested in offering your comments on the development of the **Public Participation Plan** please reply to this letter by October 12, 2007. You may fax or email back the attached inquiry form identifying the appropriate staff or indicating you do not wish to receive any further material concerning this matter. If you respond affirmatively, we will add you to an email distribution list for the **Public Participation Plan** and you will receive future emails seeking your input on the plan.

Thank you in advance for your participation. If you have any questions about our outreach effort, please give Mr. Ivan Garcia of my staff a call at (530) 879-2468 or send an email at igarcia@bcag.org.

Sincerely,

A handwritten signature in black ink that reads "Jon Clark". The signature is written in a cursive, flowing style.
