

## POLICY ELEMENT

The purpose of the Policy Element is to identify legislative, planning, financial and institutional issues and requirements, as well as any areas of regional consensus. The Policy Element presents guidance to decision-makers of the implications, impacts, opportunities, and foreclosed options that will result from implementation of the RTP. The Policy Element is a resource for providing input and promoting consistency of action among state, regional and local agencies. The policy element is intended to be consistent with the California Transportation Plan (CTP). California statutes state that each RTP shall (Government Code Section 65080 (b)) include a Policy Element that:

1. Describes the transportation issues in the region;
2. Identifies and quantifies regional needs expressed within both short and long-range planning horizons (Government Code Section 65080(b)(1)); and,
3. Maintains internal consistency with the Financial Element and fund estimates.

Senate Bill 391 (SB 391, 2009) required the California Department of Transportation to prepare the California Transportation Plan (CTP), the State’s long-range transportation plan by December 2015, to reduce GHG emissions and VMT. The Plan states this system must reduce GHG emissions to 1990 levels from current levels by 2020, and 80 percent below the 1990 levels by 2050 as described by AB 32 and Executive Order S-03-05. The CTP 2040 demonstrated how major metropolitan areas, rural areas, and state agencies can coordinate planning efforts to achieve critical statewide goals. It is important to align and implement the goals, policies, and strategies laid out in the CTP 2040, and to continue coordination and collaboration with Caltrans during the development of the CTP 2050 update that will be adopted in December of 2020. The following policies, objectives and actions work towards aligning the RTP/SCS with the CTP.

### 1. Policy on Highways, Streets, and Roads

Goal: A safe and efficient regional road system that accommodates the demand for movement of people and goods.

Objective	Policy / Action
1.1 Strive to improve safety and operations of local and state highway system	1.1.1. Fund and implement projects identified on the Tier 1 priority list in the Action Element of the RTP.
	1.1.2. Pursue discretionary state & federal funding such as IIP, SHOPP, HBP, HSIP etc.
1.2 Identify and prioritize improvements to the regional road system.	1.2.1. Prepare and apply evaluation criteria to prioritize regional road projects identified to improve the overall transportation system of the region.

	1.2.2. Evaluation criteria will evaluate how the projects achieve the following objectives: 1) an integrated and balanced road system; 2) improvement in traffic flow and safety; 3) minimize environmental effects; and 4) minimize adverse impacts on agricultural land.
	1.2.3. Use Regional Improvement Program funds to finance the prioritized regional improvements.
	1.2.4 Use BCAG Travel Demand Model performance measures as appropriate to quantify project benefits.

## 2. Policy on Transit

Goal: Provide an efficient, effective, coordinated regional transit system that increases mobility for urban and rural populations, including those located in disadvantaged areas of the region.

Objective	Policy / Action
2.1. Meet all transit needs that are “reasonable to meet.”	2.1.1. Provide complementary dial-a-ride transit services for the elderly, handicapped, and those residents not served by a fixed route service within the service area.
	2.1.2. Provide adequate fixed route transit system to serve the general public, including those populations who rely most on transit.
	2.1.3. Maintain the locally developed Human Services Coordinated Transportation Plan.
2.2. Increase transit ridership that exceeds annual population growth rate for Butte County.	2.2.1. Expand service as necessary to increase overall ridership.
	2.2.2. Support Intelligent Transportation System (ITS) projects which improve transit operations.
	2.2.3. Work with larger employers (i.e. University) for transit incentive programs.
	2.2.4. Evaluate fixed route system and identify best methods for increasing ridership, as needed.
	2.2.5. Explore “best practices” in other regions to learn from and consider for increased ridership and customer satisfaction for transit.
	2.3.1. Include Social Services Transportation Advisory Council and Coordinated

2.3. Promote citizen participation and education in transit planning and operations.	Transportation Working Group in the regional transit planning process.
	2.3.2. Use the BCAG newsletter and website for transit education and information.
2.4. Maintain a reliable transit system.	2.4.1. Monitor contractor for timely transit operations reporting.
	2.4.2. Conduct Preventative Maintenance Inspections for transit fleet.

### 3. Policy on Rail

Goal: A rail system that provides safe and reliable service for people and goods.

Objective	Policy / Action
3.1. Maintain and expand passenger service through Butte County.	3.1.1. Monitor the activities of Amtrak to assure passenger rail services in Butte County.
	3.1.2. Encourage the High Speed Rail Authority to consider implementing service connecting Chico to Sacramento
	3.1.3. Pursue state and federal grant funding for rail safety projects.

### 4. Policy on Goods Movement

Goal: Provide a transportation system that enables safe movement of goods in and through Butte County.

Objective	Policy / Action
4.1. Provide an adequate regional road system for goods movement.	4.1.1. Work with state and federal legislators to lobby for funding to develop continuous four lane highway to Chico on the SR 70/99 Corridor.
	4.1.2. Leverage regional share funds for Caltrans interregional share and State Highway Operations and Protection Program.

### 5. Policy on Aviation

Goal: A fully functional and integrated air service and airport system complementary to the countywide transportation system.

Objective	Policy / Action
5.1. Maintain daily commercial airline service to the Bay Area.	5.1.1. Support the acquisition of commercial airline service in Butte County.
5.2. Work with local agencies to ensure compatible land uses	5.2.1. Support the Butte County Airport Land Use Commission and local airports in their

around existing airports to reduce noise conflicts.	efforts to ensure compatible land uses around airports.
	5.2.2. Support the local airports in their attempts to acquire the land surrounding the airports.
5.3. Ensure Airport Master Plans are updated and revised as necessary and required.	5.3.1. Support projects that integrate air transport facilities with other modes of transportation.

## 6. Policy on Non-Motorized Transportation

Goal: A regional transportation system for bicyclists and pedestrians.

Objective	Policy / Action
6.1 Work with local agencies to develop and construct bicycle and pedestrian facilities including access to transit.	6.1.1. Support the construction of bike facilities and access to transit as designated in the local alternative transportation plans.
	6.1.2. Assist local jurisdictions in actively pursuing active transportation related funding.
	6.1.3. Support projects and policies for bicycles on the fixed route transit system (bike racks, etc.).
	6.1.4. Support local efforts in complete streets approach towards achieving active transportation project enhancements.
6.2 Assist local jurisdictions in pursuing grant funding.	6.2.1. Assist as requested in developing local alternative transportation plans.
	6.2.2. Participate in local bicycle advisory committees.

## 7. Policy on Intelligent Transportation System (ITS)

Goal: Promote the use of ITS technologies in the planning and programming process.

Objective	Policy / Action
7.1 Maintain the North State ITS System Deployment Plan.	7.1.1. Encourage the use of ITS technologies in the project development process.
	7.1.2. Encourage the state to provide resources to manage and update ITS planning in the north state.
7.2 Apply Transportation Systems Management (TSM) strategies to projects where appropriate.	7.2.1 Assist local agencies in evaluating the impacts of TSM strategies.

## 8. Policy on Energy

Goal: Reduce usage of nonrenewable energy resources for transportation purposes.

Objective	Policy / Action
8.1 Increase public transit and carpooling/vanpooling and bicycling/walking.	8.1.1. Increase transit service where feasible.
	8.1.2. Support passage of ordinances that provide for vanpooling and carpooling programs.
	8.1.3 Support passage of ordinances that provide for park and ride lots.

## 9. Policy on Air Quality

Goal: Achieve air quality standards set by the Environmental Protection Agency (EPA) and the State Air Resources Board.

Objective	Policy / Action
9.1. Coordinate transportation planning with air quality planning at the technical and policy level.	9.1.1. Assist as requested by the Butte County Air Quality Management District in developing the transportation-related portions of the State Implementation Plan for air quality.
	9.1.2. Provide technical assistance to local jurisdictions in developing air quality analysis as needed for projects.
	9.1.3 Support projects which demonstrate an air quality benefit.
9.2. Implement transportation requirements established by Assembly Bill (AB) 32.	9.2.1. Work with state to identify emissions budget for Butte County.
	9.2.2 Develop transportation projects that reduce greenhouse gas emissions.

## 10. Policy on Land Use Strategies

Goal: Provide economical, long-term solutions to transportation problems by encouraging community designs which encourage walking, transit, and bicycling.

Objective	Policy / Action
10.1. Innovative land use and transportation planning.	10.1.1. Provide technical assistance and make available BCAG Travel Demand Model as a tool to assess road network to identify potential solutions to improve traffic movement.
	10.1.2. Assist as requested in evaluating land use strategies.
10.2. Plan future roads to accommodate land uses at a regional level.	10.2.1. Assist member jurisdictions in taking a regional approach in land use and developing a road network that serves the entire region.

	10.2.2. Encourage all jurisdictions to actively participate in the Regional Transportation Plan Update process.
10.3. Roads that are pedestrian friendly encourage bicycle trips and the use of the mass transportation system.	10.3.1. Assist member jurisdictions in developing and implementing strategies and design criteria that make new commercial and residential developments friendly to pedestrians and bicyclists.
10.4. Preserve productive farmland and land that provides habitat for rare, endangered or threatened species.	10.4.1 Consider impacts on prime farmland and areas that support protected wildlife.
	10.4.2 Encourage participation in Butte Regional Conservation Plan (BRCP).
10.5. Ensure Goals and Policies are consistent at both the regional and local levels.	10.5.1 Assist the cities, town and county during their General Plan updates to ensure that the plans are consistent with the RTP and BRCP.

## 11. Policy on Transportation Financing

Goal: Develop and support financing strategies that provide for continuous implementation of the Regional Transportation Plan projects and strategies.

Objective	Policy / Action
11.1. Develop and adopt policies that will provide adequate funding resources for all transportation modes and strategies.	11.1.1. Provide technical assistance to local jurisdictions in the development of transportation financing mechanisms.
	11.1.2. Consider cost efficiency / cost benefit ratio in project evaluation criteria.
11.2. Work with Cities and County on development of a regional road network fee program.	11.2.1 Work with cities, town and county to identify potential options for funding transportation system maintenance and improvements on the regional road network.
	11.2.2. Develop funding shortfall needs assessment for state highways, local streets and roads for Butte County.

## 12. Policy on Outreach and Coordination

Goal: Provide a forum for participation and cooperation in transportation planning and facilitate relationships for transportation issues that transcend jurisdictional boundaries.

Objective	Policy / Action
12.1. Assist jurisdictions in local transportation planning.	12.1.1. Evaluate transportation impacts of land use and development proposals as requested.
	12.1.2. Provide technical assistance in the preparation of transportation financing mechanisms as requested.
	12.1.3. Assist in the preparation of local general plans.
12.2. Promote consistency among all levels of local transportation planning.	12.2.1. Involve the local, state, and federal agencies and elected officials in the transportation planning process.
	12.2.2. Promote consistency between the Regional Transportation Plan and local and state level plans.
12.3. Promote citizen participation and education in transportation planning.	12.3.1. Use the BCAG newsletter for transportation planning education.
	12.3.2. Conduct workshops and information sessions for transportation planning and projects.
	12.3.3 Utilize the internet to facilitate the dissemination of transportation projects and information on the planning process.
	12.3.4 Follow BCAG's Public Participation Plan procedures.

## 13. Policy on Quality of Travel and Livability

Mobility Goal: The transportation system should provide for convenient travel options for people and goods and maximize its productivity. The system should reduce both the time it takes to travel as well as the total costs of travel.

Reliability Goal: The transportation system should be reliable so that travelers can expect relatively consistent travel times from day-to-day for the same trip by mode(s).

System Preservation and Safety Goal: The public's investment in transportation should be protected by maintaining the transportation system. It is critical to preserve and ensure a safe regional transportation system

Objective	Policy / Action
<p>13.1. Assist in efforts which enhance <b>mobility</b> for the region. The system should provide for convenient travel options for people and goods and maximize its productivity. The system should reduce both the time it takes to travel as well as the total costs of travel.</p>	13.1.1. Tailor transportation improvements to better connect people with jobs and other activities such as “Smart Mobility” concepts to increase system efficiencies and strive to reduce GHGs.
	13.1.2. Provide convenient travel choices including transit, driving, ridesharing, walking, and biking.
	13.1.3. Preserve and expand options for regional freight movement.
	13.1.4. Increase the use of transit, ridesharing, walking and biking in major corridors and communities.
	13.1.5 Provide transportation choices to better connect the Butte County region with neighboring counties and tribal nations.
<p>13.2. Assist in efforts which enhance <b>reliability</b> for the region. The system should be reliable so travelers can expect relatively consistent travel times from day-to-day for the same trip by mode(s).</p>	13.2.1. Employ new technologies to make travel more reliable and convenient.
	13.2.2. Manage the efficiency of the transportation system to improve traffic flow.
<p>13.3. Assist in <b>preserving</b> the transportation system and safety. The public’s investment in transportation should be protected by maintaining the system to preserve it and ensure a safe system.</p>	13.3.1. Work towards keeping the region’s transportation system in a good state of repair.
	13.3.2. Work towards reducing bottlenecks and increase safety by improving operations.
	13.3.4 Improve emergency preparedness within the regional transportation system.

#### 14. Policy on Sustainability

Goal: Incorporate Sustainable Community Strategies into the regional transportation planning process which works towards social equity, a healthy environment and a prosperous economy.

Objective	Policy / Action
<p>14.1. Work towards a transportation system that is designed to provide an <b>equitable</b> level of transportation services for all populations.</p>	14.1.1. Create equitable opportunities for all populations regardless of age, ability, race, ethnicity, or income.
	14.1.2. Ensure access to jobs, services, and recreation for populations with fewer transportation choices.

14.2. Work towards a transportation system that leads to <b>environmental sustainability</b> and fosters efficient development patterns that optimizes travel, housing, and employment choices and encourages future growth away from rural areas and closer to existing and planned development.	14.2.1. Develop transportation improvements that respect and enhance the environment.
	14.2.2. Work towards reducing greenhouse gas emissions from vehicles and continue to improve air quality in the region.
	14.2.3. Work towards making the transportation investments made result in healthy and sustainable communities.
14.3. Work towards a <b>prosperous economy</b> in making transportation decisions. The transportation system should play a significant role in raising the region's standard of living.	14.3.1. Maximize the economic benefits of transportation investments made.
	14.3.2. Enhance the goods movement system to support economic prosperity.

## 15. Policy on Emergency Preparedness

Goal: To support and collaborate on proactive emergency planning and projects. Projects that increase emergency readiness and preparedness including upgrading and maintaining roadways, public transit or facilities that support emergency situations.

Objective	Policy / Action
15.1. Work with Cities and County on development of a regional road trunk network that would best serve emergency purposes.	15.1.1 Work with cities, town and county to identify potential options for funding transportation system maintenance and improvements on the regional road network.
	15.1.2. Develop funding shortfall needs assessment for state highways, local streets and roads for Butte County.
15.2. Actively pursue and assist local jurisdiction pursue grant funding that works towards enhancing emergency preparedness.	15.2.1. Pursue federal and state grant funding opportunities and assist local jurisdictions with their own potential grant applications.

## 16. Policy on Housing

Goal: To support and collaborate on proactive efforts to address housing needs in the region.

Objective	Policy / Action
16.1. Work with Cities and County on efforts to develop in communities where services, amenities and transportation infrastructure already exist.	16.1.1 Work with cities, town and county to identify preferred areas of development which foster increased non-motorized travel
	16.1.2. Encourage infill development to minimize environmental footprint
16.2. Work with Cities and County to develop higher density housing	16.2.1. Work with jurisdictions/developers to encourage complete street design concepts as part of housing projects
	16.2.2. Work with jurisdictions to seek state and federal grant funding to supplement affordable housing development projects to include non-motorized transportation improvement components such as biking, walking and transit access improvements
	16.2.3 Encourage transit-oriented development including more housing and jobs in high frequency transit areas
	16.2.4 Encourage projects that include a balance of homes, jobs, services, amenities and diverse transportation options
