APPENDIX A  SATURDAY & SUNDAY RIDERSHIP DATA

On Saturday, September 21st, Butte County experienced an uncharacteristic spate of bad weather; very heavy rains fell throughout the day. Nevertheless, in order to maximize the use of trained surveyors and to ensure that data were collected on all day types, including weekday, Saturday, and Sunday, boardings and alighting counts were nevertheless collected on Saturday.

Drivers and surveyors alike reported atypical ridership behavior. On a few intercity routes in particular, drivers noted that ridership on that Saturday was as low as they had ever seen it. Surveyors reported that on several local routes, some passengers would stay aboard the buses over the course of several consecutive runs because it was a warm and dry place.

Figure A-1 below shows a comparison of the total boardings on the 2013 rainy Saturday compared with average ridership on Saturdays in 2012. Overall, ridership on September 21st was three-quarters of ‘normal’ Saturday ridership.

The following graphs depict boarding and alighting activity by stop and boarding activity by trip run on the surveyed Saturday and Sunday. While these data are useful to review to gain a better understanding of where and when boarding/alighting activity occurs on the B-Line system over the weekend, Nelson\Nygaard’s planning assumptions will be based on weekday boardings and alightings by stop.

Route 41 Magalia – Chico

On Saturdays, Route 41 essentially functions as a loop between Magalia and Paradise, linking up with Route 40 to provide through service to Chico.

On the surveyed Saturday, there were no boardings on either the 9:45am or 5:18pm runs. 13 passengers carried over onto the 12:32pm Route 41 westbound trip from the 11:50am Route 40 eastbound bus at Skyway & Wagstaff. At the end of the Route 41 loop, this bus becomes Route 40 westbound towards Chico; 11 passengers remained on board for this trip. A total of five (5) distinct passengers boarded Route 41 in Magalia and Paradise on the 12:32pm Route 41 run.
