

Skyway Corridor Study Workshop

September 18, 2008 (Thursday)
6:00 to 8:00 pm

Town Hall Council Chambers– 5555 Skyway

The Town of Paradise, Butte County Association of Governments (BCAG), and the Paradise Redevelopment Agency invite all interested parties to attend a workshop on potential modifications to the Skyway roadway corridor. The Town and BCAG have retained a consultant to evaluate the corridor and determine potential reconfiguration options. The purpose of the study is to develop a community supported plan that addresses and balances the needs of the following issues:

- Traffic Speed
- Pedestrian safety
- Vehicle safety
- Bicycle facilities
- Roadway aesthetics
- Downtown commercial activity
- Conflicts with through traffic
- Traffic volume demands
- Turn lanes
- On-street parking

The study area includes Skyway from Neal Road to Wagstaff Road (approximately 2.8 miles) including the downtown business district.

The workshop will include a presentation by the consulting team on the following:

- ✓ Existing findings
- ✓ Projected future traffic demands
- ✓ Summary of initial feedback from stakeholder groups
- ✓ Presentation of three alternatives
- ✓ Performance of the alternatives

All attendees will be given the chance to voice their concerns and provide feedback on the alternatives through both written and verbal communication.
